

Lucie Harmon, Junior

Office Desired: **President**

I am interested in being the president for our chapter of the National Honor Society. I believe I am the perfect candidate for this position because I have the qualities desired in a good leader. My strengths include the ability to excel while participating in a varsity sport, marching band, having a job, taking two AP classes, all while maintaining the GPA requirements of NHS. I am well respected and liked by my peers, so this will be an asset in maintaining and growing this exceptional group of students. My experience as an NHS member include turning my hours and dues in on time, and attending all activities and meetings. These things require time management and organization, which is important in a leader. If elected this position, I am looking forward to leading this chapter to reach our goals and aspirations for NHS.

My goal while in office is to encourage new members to be active in our chapter. I would like to bring new opportunities for service to our members, and have the hours not seem like a chore, as they do sometimes. Members should enjoy the opportunity to serve others, and to inspire the group to also be good members of the community. I will use my qualities as a good public speaker, leadership skills, and kind-hearted attitude to benefit our community. I believe that I am a good example of these defining qualities of a leader, and hope to be the next president of our chapter of the National Honor Society.

Thank you for your consideration,

Lucie Harmon
