

Statement of Intent

I, Drew Prater, as a junior attending Monroe High School, intend to run for the office of **president** for the Delton Osborn Chapter of the National Honor Society.

Throughout my life, I have never been afraid to step into a leadership role and to help guide others along the path to success. I have always willingly accepted the challenge of helping my peers. My previous leadership roles are numerous. Those include having served as the captain of the JV soccer team during the 2016-2017 school year, the drumline section leader for the marching band during the 2017-2018 school year, and also as president of NJHS during my eighth grade year in middle school. I feel that having served as president of NJHS makes me uniquely qualified to take on the role and responsibilities of the position I currently seek. In addition, I have shown a strong commitment to NHS and its mission as a whole by regularly attending meetings and completing all service hours in an efficient and timely manner. I believe all of these factors demonstrate that I would make an excellent candidate for president of NHS.

If I were to be elected president of NHS, one thing I would like to see accomplished by the society during my tenure would be an improved awareness of the benefits of the community service that the members perform. Many members only meet the minimum required service hours because "they have to." I feel that if the NHS members became aware of all of the good that results from their service, they would be encouraged to perform that service for the right reason--to benefit others--both now and in the future, rather than only to benefit themselves.

Respectfully submitted,

Drew Prater
