Desean Rouser, junior

Office position desired: **President**

Dear Mr. Steele,

I am interested in the role of president for our Delta Osborn chapter of NHS. I Believe that I would make an excellent president because I possess all of the skills necessary to be an outstanding leader. Throughout my years in high school I have participated in many leadership roles, some of these positions include: Being a band representative my freshman and sophomore year, and vice president in the current year. Along with this I am the president elect/ vice president for our "health occupations students of america" (HOSA) club. These two organizations have been a huge part of my high school career, and I would be more than enthused to instill the passion and support that I have, into my role as NHS president. In addition I have been able to maintain an above average GPA while also taking AP classes, Having a very demanding job, and participating in, and completing Monroe's two year health science pilot team team. Nhs is also a very important part of my school life, because it serves as constant motivation to always do my school work

My goal as president is to encourage people to get more volunteer hours. I have come to a realization that many people do the bare minimum number of hours, and I would like to try and change that. This being said, my first action would be to try and do more group volunteer activities so that there are more options for hours. More volunteering options is also important to me because it serves as a way for chapter members to get to know each other. From personal experience I can say that, because of the variety in grades, many people don't know each other. These extra hours could be also used for member infractions so that people feel more in place and are having fun. If elected I will give my all, thank you for the consideration as president

Sincerely, Desean Rouser
