Superintendent's Comments

Students reflected on their years as student council members at Monroe High School.

Mrs. Everly once again celebrated the Young Entrepreneurs who attended the showcase two weeks ago at Monroe High School. Businesses such as Leaving a Paw Print, Lava Lamps, Woofstastic Treats, and Slime-tastic were big hits and award winners at the showcase! We had 70 businesses that were all student led and over 120 entrepreneurs.

With the help of the Community Foundation and our partners at Promedica, we will be publicly announcing the telehealth program that will be launched at Arborwood next school year. Thanks to the Community Foundation and their \$100,000 grant they awarded Monroe Public Schools, which is the largest ever, we will be able to be part of revolutionizing school health care. Promedica reiterated to Mrs. Everly that they are in Monroe to make a difference, and they want to be an anchor institution beside Monroe Public Schools.

The Trojan baseball team had the opportunity to play at Fifth Third Field this evening, and the MHS choir sang the National Anthem.
