Superintendent's Comments

Today was the first day of TechFest! The day started with PowerSchool training for administrators and secretaries, which lasted throughout the day. The keynote speaker kicked off the afternoon, followed by breakout sessions for teachers. On Wednesday, teachers will have the opportunity to attend 44 sessions.

Mr. Oley provided an update on the summer site sinking projects. All projects are 90% complete, with the exception of the new furnace system in I-wing at Monroe High School.

We have a record-breaking number of students who continue to attend Summer Learning Academy! Five seniors, because of SLA, will be graduating!

The Trojan Build has started in South Monroe Townsite on the former Townsite school property!

We announced today that we are offering our employees half off the Kids Club Childcare program to help with their childcare costs!

Mrs. Everly thanked subcommittee members who have met all summer long on matters about social emotional health and discipline. She thanked the board for their support and everyone who attended. A lot of work has been done in a very short amount of time.

Last year, we introduced Universal Breakfast where every student could have a free breakfast. The Community Eligibility Provision of the National School Lunch Program will now provide a reimbursable lunch to every student in Monroe Public Schools.
