Superintendent's Comments

Representatives from each of our schools were present this evening to accept new outdoor flags from the VFW Post 1138 Ladies Auxiliary. Dr. Everly thanked the VFW Post for being such great partners to our school community.

Raisinville will have their authorization visit in December for them to become an International Baccalaureate school. The staff, students and parents have gone through a great number of curriculum exercises and revisions in order to achieve this status. Raisinville will be Monroe County's first and only International Baccalaureate school.

Waterloo School will be moving through a STEM accreditation with the state of Michigan.

Dr. Everly attended "the draw" on Sunday. The football team gathered for dinner at the high school, and after dinner, they went into the auditorium to wait for the draw. With great excitement, it was announced that the Trojan's championship game will be held at Woodhaven-Brownstown on Friday evening.

Mrs. Joseph highlighted offerings for the County Wide Inservice Day on November 1, 2018.

In addition to all of the safety plans we have in place, we are eagerly awaiting the results of the safety grant we submitted by October 31.
