Dental insurance

Taking care of your teeth is about more than just covering cavities and cleanings. It also means accounting for more expensive dental work, and your overall health.

With dental insurance, routine preventive care can lead to better overall health. And you'll be able to save money if any extensive dental work is required.

Who is it for?

Everyone should have access to great dental coverage, which is why we offer comprehensive plans that are available through employers as part of your benefit offerings.

What does it cover?

Dental insurance helps to protect your overall oral care. That includes services like preventive cleanings, x-rays, restorative services like fillings, and other more serious forms of oral surgery if you ever need them.

Why should I consider it?

Poor oral health isn't just aesthetic, it's also been linked to conditions including diabetes, heart disease, and strokes. So, while brushing and flossing every day can help keep your teeth clean, nothing should replace regular visits to the dentist.

Staying healthy

Joe visits his dentist for a routine dental cleaning, to take care of his teeth as well as his overall health.

Oral health is about more than just teeth and gums. It's also essential for a range of other health and wellbeing reasons:

Cardiovascular disease: Some research suggests that heart disease, clogged arteries, and strokes may be linked to inflammation and infections from oral bacteria.

Osteoporosis: Weak and brittle bones may be linked to tooth loss.

Diabetes: Research shows that people with gum disease find it more difficult to control their blood sugar levels.

Alzheimer's disease: Worsening oral health is seen as Alzheimer's disease progresses.

All information contained here is from the Mayo Clinic, Oral Health: A Window to Your Overall Health, www.mayoclinic.com. 2021.

You will receive these benefits if you meet the conditions listed in the policy.

Your dental coverage

PPO plan, you'll have access to one of the largest networks of dentists with two reimbursement levels that give you more control over savings. You will always save money with any dentist in Guardian's network and when they belong to a tier in the Tier 1 reimbursement level you will maximize your savings. Reimbursement for covered services received from a non-contracted dentist will be based on a percentile of the prevailing fee data for the dentist's zip code.

Oral Health Rewards Program

Regular visits to the dentist can help prevent and detect the early signs of serious diseases.

That’s why Guardian’s Maximum Rollover Oral Health Rewards Program encourages and rewards members who visit the dentist, by rolling over part of your unused annual maximum into a Maximum Rollover Account (MRA). This can be used in future years if your plan’s annual maximum is reached.

Automatic rollover

Submit a claim (without exceeding the paid claims threshold of a benefit year), and Guardian will roll over a portion of your unused annual dental maximum.

How maximum rollover works*

Depending on a plan’s annual maximum, if claims made for a certain year don’t reach a specified threshold, then the set maximum rollover amount can be rolled over.

Plan annual maximum**	Threshold	Maximum rollover amount	In-network only rollover amount	Maximum rollover account limit
\$1,200 Maximum claims reimbursement	\$600 Claims amount that determines rollover eligibility	\$300 Additional dollars added to a plan’s annual maximum for future years	\$400 Additional dollars added if only in-network providers were used during the benefit year	\$1,200 The limit that cannot be exceeded within the maximum rollover account

* This example has been created for illustrative purposes only.
** If a plan has a different annual maximum for PPO benefits vs. non-PPO benefits, (\$1500 PPO/\$1000 non-PPO for example) the non-PPO maximum determines the Maximum Rollover plan. May not be available in all states.

Vision insurance

Vision insurance helps protect the health of your eyes by providing coverage for benefits that often aren't covered by regular medical insurance.

Protecting your eyesight means allowing for routine visits to the optometrist for eye exams, as well as coverage for glasses and contacts. Make sure your eyes remain in great shape at any age – no matter how much time you spend staring at digital screens.

Who is it for?

Even if you have perfect eyesight, it's important to have regular eye exams to make sure you're still seeing clearly. Most of us may eventually need vision correction, which is why we offer vision insurance to cover some of the costs.

What does it cover?

Vision insurance covers benefits not typically included in medical insurance plans. It covers things like routine eye exams, allowances towards the purchase of eyeglasses and contact lenses, as well as discounts on corrective Lasik surgery.

Why should I consider it?

Regular eye exams can detect more than failing eyesight, they can also pick up diseases like glaucoma and diabetes. Vision problems are one of the most prevalent disabilities in the United States, making vision insurance especially useful for anyone who regularly needs to purchase eyeglasses or contacts, or anyone who simply wants to help protect their eyesight and general health.

You will receive these benefits if you meet the conditions listed in the policy.

20/20 coverage

David notices that his vision is deteriorating. He goes in for an eye exam, and is diagnosed with myopia, which means he needs glasses.

Average cost of vision exam: **\$171**

Average cost of frames and lenses: **\$350**

Total cost: **\$521**

With a Vision policy from Guardian, David pays just **\$10** for his eye exam. After **\$25** in copay, his lenses are fully covered, and he pays **\$96** for his frames.

David's total out-of-pocket expense is **\$131**, saving him **\$390**.

Life insurance

If something happens to you, life insurance can help your family reduce financial stress.

Life insurance helps protect your family's finances by providing a cash benefit if you pass away. This ensures that they'll be financially supported, and can cover important things from bills to funeral costs. With life policies, you can get affordable life insurance protection for a set period of time.

Who is it for?

Everyone's life insurance needs are different, depending on their family situation. That's why group life insurance through an employer is an easier and more affordable option than individual life insurance.

What does it cover?

Life insurance protects your loved ones by providing a benefit (which is usually tax-exempt) if you pass away.

Why should I consider it?

Life insurance is about more than just covering expenses. Depending on your circumstances, it could take your family years to recover from the loss of your income.

With a life insurance benefit, your family will have extra money to cover mortgage and rent payments, legal or medical fees, childcare, tuition, and any outstanding debts.

Guardian, its subsidiaries, agents, and employees do not provide tax, legal, or accounting advice. Consult your tax, legal, or accounting professional regarding your individual situation.

You will receive these benefits if you meet the conditions listed in the policy.

Preparing and planning

Jorge's never considered purchasing life insurance, but after being offered it through work, he decides it's a smart way to protect his family.

Jorge has a mortgage, and because his wife is helping to take care of her mother, she only works part-time. In addition, his daughter is about to start college.

Jorge looks at how his family would be affected by losing him.

Average funeral cost: **\$9,000**

Average mortgage debt: **\$202,000**

Average cost of college: **\$17,000 - \$44,000**

Average household credit card debt: **\$8,500**

With life insurance, Jorge can make sure that part of these costs are covered if something happens to him.

Disability insurance

Short term disability

Disability insurance covers a part of your income, so you can pay your bills if you're injured or sick and can't work.

Disability is more common than you might realize, and people can be unable to work for all sorts of different reasons. In fact, many disabilities are caused by illness, including common conditions like heart disease and arthritis. However, most disabilities aren't covered by workers' compensation.

Who is it for?

If you rely on your income to pay for everyday expenses, then you should probably consider disability insurance. It ensures that you'll receive a partial income if you're injured or too sick to work.

What does it cover?

Most disability insurance plans pay out a portion or percentage of your income if you're diagnosed with a serious illness or experience an injury that prevents you from doing your job.

Why should I consider it?

Accidents happen, and you can't always anticipate if or when you'll become sick or injured. That's why it's important to have a disability policy that helps you pay your bills in the event of being unable to collect your normal paycheck.

You will receive these benefits if you meet the conditions listed in the policy.

Replacing Income

Mike injures his back bicycling and can't work or earn a paycheck for a few months.

After a brief waiting period, his disability plan starts paying him a portion of his normal weekly salary. The Guardian policy also provides personal guidance and support, including vocational rehabilitation and outplacement services, to help him get back to his job and full pay 13 weeks later.

Thanks to Mike's disability benefits, he was able to cover his expenses while he was out - without dipping into his family's savings.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.

Critical illness insurance

Critical illness insurance may help you cover expenses not covered by your health insurance.

It's a cash payment you receive if you ever experience a serious illness like cancer, a heart attack, or a stroke, giving you the financial support to focus on recovery.

Who is it for?

Critical illness insurance is a supplemental policy for people who already have health insurance. It provides you with an additional payment to cover expenses like deductibles, treatments, and living costs.

What does it cover?

Critical illnesses include strokes, heart attacks, Parkinson's disease and cancer. Our policies can cover over 30 major illnesses, helping you stay financially stable by paying you a lump sum if you're diagnosed with one of them.

Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Critical illness insurance is an affordable way to supplement and pay for additional expenses that your health insurance doesn't cover. Our policies typically provide payments for the first and second time you're diagnosed with a covered illness.

Plus, critical illness insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy.

Critical costs

John is hospitalized after a heart attack, and has to cover the cost of five days as an inpatient.

Average heart attack hospitalization expense: **\$53,000**

Average Major Medical deductible: **\$1,500**

Major Medical covers 80% of the cost after the deductible is met, but John's still responsible for 20%: **\$10,300**.

Total out-of-pocket amount for John (deductible + coinsurance): **\$11,800**.

John has a **\$10,000** Guardian Critical Illness policy, which covers the majority of these out-of-pocket expenses.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.

EXCLUSIONS AND LIMITATIONS

A SUMMARY OF PLAN LIMITATIONS AND EXCLUSIONS FOR CRITICAL ILLNESS:

We will not pay benefits for a Second occurrence (recurrence) of a Critical Illness unless the Covered Person has not exhibited symptoms or received care or treatment for that Critical Illness for at least 6 months in a row prior to the recurrence. For purposes of this exclusion, care or treatment does not include: (1) preventive medications in the absence of disease; and (2) routine scheduled follow-up visits to a doctor. If one illness causes or contributes to another illness, we'll pay benefits for only one of these illnesses. We'll pay for the illness that has the larger benefit. If the benefit amounts for the illness are the same, we'll let you choose which one we pay.

We do not pay benefits for claims relating to a covered person: taking part in any war or act of war (including service in the armed forces) committing a felony or taking part in any riot or other civil disorder or intentionally injuring themselves or attempting suicide while sane or insane.

Employees must be legally working in the United States in order to be eligible for coverage. Underwriting must approve coverage for employees on temporary

Accident insurance

Accidents happen. With accident insurance, you can help them hurt a bit less.

Accident insurance is an extra layer of protection that gives you a cash payment to help cover out-of-pocket expenses when you suffer an unexpected, qualifying accident.

Who is it for?

Nobody can predict when an accident might happen. That's why accident insurance is an important add-on policy for people who want to supplement the health and disability insurance coverage they already have individually or through an employer.

What does it cover?

Accident Insurance pays you lump sum of benefits after you suffer an accident. This could be more than 40 different circumstances, including: emergency treatment, ambulance, burns, dislocations, fractures, hospital confinement, and surgery.

Why should I consider it?

Health coverage may become more expensive, with higher co-pays, premiums, and deductibles. Accident insurance can be a simple, affordable way to help supplement and cover additional expenses your health and disability insurance may not cover, including x-rays, ambulance services, deductibles, and even things like rent or groceries.

Plus, accident insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy.

Added support during recovery

Amanda breaks her leg falling off her bike and needs emergency treatment.

Average non-surgical broken leg treatment expense: **\$2,500**

Average Major Medical deductible: **\$1,500**

Major Medical covers 80% of the surgical cost after the deductible is met, but Amanda's still responsible for 20%: **\$200**

Total out-of-pocket amount for Amanda (deductible + coinsurance): **\$1,700**

Amanda's Guardian Accident policy pays her a benefit of **\$1,700**, which covers all of her out-of-pocket expenses.

THE FOLLOWING NOTICE ONLY PERTAINS TO HOSPITAL INDEMNITY COVERAGE

IMPORTANT: This is a fixed indemnity policy, NOT health insurance.

This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying the cost of your care.

- The payment you get isn't based on the size of your medical bill.
- There might be a limit on how much this policy will pay each year.
- This policy isn't a substitute for comprehensive health insurance.
- Since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.

Looking for comprehensive health insurance?

- **Visit [HealthCare.gov](https://www.healthcare.gov)** or call **1-800-318-2596** (TTY: 1-855-889-4325) to find health coverage options.
- To find out if you can get health insurance through your job, or a family member's job, contact the employer.

Questions about this policy?

- For questions or complaints about this policy, contact your State Department of Insurance. Find their number on the National Association of Insurance Commissioners' website ([naic.org](https://www.naic.org)) under "Insurance Departments."
- If you have this policy through your job, or a family member's job, contact the employer.

Hospital indemnity insurance

Hospital indemnity insurance can cover some of the cost associated with a hospital stay, letting you focus on recovery.

Being hospitalized for illness or injury can happen to anyone, at any time. While medical insurance may cover hospital bills, it may not cover all the costs associated with a hospital stay. That's where hospital indemnity coverage can help.

Who is it for?

Hospital indemnity insurance is for people who need help covering the costs associated with a hospital stay if they suddenly become sick or injured.

What does it cover?

If you are admitted to a hospital for a covered sickness or injury, you'll receive payments that can be used to cover all sorts of costs, including:

- Deductibles and co-pays.
- Travel to and from the hospital for treatment.
- Childcare service assistance while recovering.

Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Hospital indemnity insurance can help pay for out-of-pocket costs associated with being hospitalized, giving you more of a financial safety net for unplanned expenses brought on by a hospital stay.

Plus, hospital indemnity insurance is portable and payments are made directly to you – even if you didn't incur any out-of-pocket expenses.

You will receive these benefits if you meet the conditions listed in the policy.

Be prepared

John is hospitalized after a heart attack, and has to cover the cost of five days as an inpatient.

Average heart attack
hospitalization expense: **\$53,000**

Average Major Medical deductible:
\$1,500

Major Medical covers 80% of the cost after the deductible is met, but John's still responsible for 20%: **\$10,300.**

Total out-of-pocket amount for John
(deductible + coinsurance): **\$11,800.**

John's Guardian Hospital Indemnity policy pays him **\$1,000** for hospital admission.

The policy gives him a total payment of **\$1,000** to help cover the out-of-pocket amount.
